DATE: 1ST AUG 2019

TIMING : 2.30PM

VENUE: A/V ROOM

VISHWA BHARATI PUBLIC SCHOOL organized workshop on "virtual reality "an incredible platform for learning. The workshop resulted in an amazing experience for all. Virtual and reality described as two different terms. Moreover hardware devices like mobile assistant, personal computer supported that device. "DRISHTA TECHNOLOGY" Has presented incredible reality workshop making it possible to experience universe, space, and astronomy and jungle life as real life experience. Student shall get incredible 360 degree learning experience through this workshop. Virtual reality workshop is designed for engaging experiential learning which will enhance critical thinking, experiential learning and increase retention also. It is the best platform for students to experience reality. They get awareness about different social issues like global warming, extinction of species etc.

Virtual reality workshop really provided the best platform for experiential learning and It will enhance the ability to reason .
